P. J. MURPHY, the Jeweler.

Among the effects of the late Tucs Lambden was found a lock of hair, carefully wrapped in tissue paper, inclosed in an envelope and inscribed in his own handwriting, "My mother's hair." In all the seventy-three years of his life he had preserved and cherished this memento of the mother who died when he was an infant, and whose love he never knew.

LEG CUT OFF

Took One Nap Too Many On the Railway Track

James Wilson, aged 36, had his leg cut off last night about 11 o'clock by Eastbound passenger train No. 4.

He was lying on the ash heap in the rear of the Cotton Mills with his right leg lying across the rail of the track.

The limb was severed as clean as a surgeon's knife could have performed the job.

The accident was witnessed by two boys and a Mr. J. H. Farrell, who notified the Police and the railroad authorities of the occurrence.

He was carried to his boarding-house in Short street, where Dr. Reed, the Company's Surgeon, gave temporary relief, the injured man being in no condition to perform an amputation, which will be done this morning.

He also had a scalp wound and bruises on the right arm and body.

He has been in the employ of the Cotton Mills for several years and formerly lived in Lewis county.

"BLOW KILLED FATHER"

How the Tables Were Turned On a Practical Joker

It will be remembered that not long ago THE LEDGER contained an episode in which one of Mason county's financiers got tangled in the meshes he had himself prepared to catch other fish.

The essence of the story ran something like this—

A sage of money bags had accompanied a trio of young bucks on their first visit to Cincinnati as a sort of balancing wheel—a kind of a chaperon, as it were.

Having been there himself, perhaps, he admonished them before starting on a sight-seeing tour to be very guarded in what they did and to turn in at a seasonable hour, all of which went in one ear and out the other. The boys were out for a good time and they had it.

When they turned in about 12 o'clock the old gentleman was sound asleep—at least, he was snoring to beat the band.

He was playing Foxy Grandpa and the boys tumbled to his game. He expected to hear them recount the night's doings, but he was disappointed and disconcerted at the failure of his ruse.

To test the genuineness of his pretended embrace in the arms of Morpheus, after disrobing one of the boys said, "John, blow out the light and tumble into bed."

Apparently he was about to obey the command, when the erstwhile sleeper bounced to a sitting posture in his bed, at the same time exclaiming, "My God, don't do that; you will kill us all!"

Then the laugh was on the old gentleman.

A sequel to the above came the other day from Rees Kirk, now in Colorado, in the nature of a postal card to a friend here. It represented a hayseed in a city hotel about ready to retire for the night trying his best to "blow out the gas."

Rees had written on the card, "The blow that almost killed father."

And as to Rees, now far from home, it is possible that his happiest moments are in retrospection of the halcyon boyhood days spent on the farm near the Seven Acre City, now to memory dear.

Police Court.

In the Police Court Saturday Laura and Ida Hays, for a breach of the peace, were given \$6.50 apiece, and required to give a \$50 peace bond for six months.

John Scudder and Mary Farmille were fined \$25.50 each for disorderly conduct.

GEORGE N. CRAWFORD.

George N. Crawford, one of Maysville's venerable and aged citizens, died at his home in Lee street Saturday noon after a protracted and painful illness.

A widow and one son, Mr. Charles Crawford, of Covington, survive him.

He was born in Brown county, O., August 26th, 1833.

At an early age he removed to Kentucky and for a time resided in Washington; the greater part of his life being spent in this city.

In 1859 he united in marriage with Elizabeth Cockrell, and of the union four children were born, three of whom are dead.

He enlisted in the Sixteenth Kentucky Infantry October 14th, 1861, and was assigned to Company I, Captain Hutchins's Company.

After a service of three years, he was mustered out at Mossy Creek, Tenn., December 31st, 1864.

He veteranized January 1st, 1865, and was again mustered out of service July 15th, 1865, at Company Shops, North Carolina, by reason of Special Order No. 113—peace having been declared.

He was Orderly Sergeant of his Company, and is credited with having been a brave and gallant soldier.

He was a charter member of Joseph Heiser Post No. 13, G. A. R., and for twenty-four years served as its Quartermaster.

He was also a member of the P. O. S. of A., being Treasurer of that organization for many years.

He was a soldier's friend at all times, and was conspicuous at all Grand Army meetings and doings.

He will be buried in the habiliments of a soldier with the mourning badge of the G. A. R. pinned to the lapel of his coat.

The funeral will be under the auspices of the two Orders, and will occur this afternoon at 2 o'clock from the Third Street Methodist Church with services by Rev. G. W. Bunton, assisted by Rev. Preston A. Cave of the Christian Church. Interment in Maysville Cemetery.

THOMAS K. BALL.

Thomas Karl, the eighteen-year-old son of Mr. and Mrs. William H. Ball, who died at the home of his parents in Huntington, W. Va., Saturday morning, after an illness of eight days with typhoid fever, was brought here yesterday morning and the funeral occurred at 2 p. m. from the residence of Mrs. Edward Mitchell in East Second street, with services at the grave by Rev. Felix K. Struve of the First M. E. Church, South.

Interment on family lot in Maysville Cemetery.

Mr. and Mrs. Ball have the sympathy of a wide circle of friends in this city in their great sorrow.

The deceased was a promising young man, who gave evidence of being a stay and a comfort to his parents in years to come.

ROBERT HOUSH.

Policeman Thomas H. Senteney received a telegram yesterday afternoon conveying the intelligence of the death of Mr. Robert Housh at Indianapolis, Ind., Sunday morning.

The remains will arrive here on the C. and O. 1:30 train and will be conveyed to his home in Lexington street.

The deceased is Mrs. T. H. Senteney's step-father.

Mr. Housh before going to Indianapolis had been in the employ of the James H. Hall Plow Works for thirty years, where he was honored and respected for his integrity and good citizenship.

Further than that the interment will be in Charter Oak Cemetery, Aberdeen, the funeral arrangements are incomplete and will be announced later.

Mr. Lewis M. McCarthy, the hustling representative of the Ohio Valley Pulley Works of the East End, returned Saturday from an extended and successful trip in the interest of this wide awake and progressive concern.

Mr. Charles Crawford of Covington, who was called here by the death of his father, Mr. G. N. Crawford, was compelled to return home yesterday on account of the serious illness, with typhoid fever, of his eleven-year-old daughter, whose death was expected at any moment.

PENROD—FRY.

Mr. Jess Penrod, aged 24, and Miss Mary L. Fry, aged 22, of Lewis county, were married Saturday forenoon in the County Clerk's office, Squire J. O. Fickrell officiating.

James Fee died Friday of the infirmities of old age at his home in Paris, aged 83.

T. J. Sherrell, one of the most prominent citizens of Paducah, died Friday, aged 87.

Republicans in the Sixth District Saturday named delegates to the District Convention to be held today at Covington, and in nearly every county the delegation was instructed to support William F. Schuerman of Carrollton in his candidacy for the nomination for Congress.

THEATRICAL SEASON OPEN TONIGHT.

The Washington Theater will open its season tonight with the famous Murray Comedy Company in "Nature's Nobleman," a beautiful four-act comedy-drama, given in its entirety as originally produced in New York. Paime and the latest illustrated songs by Miss Jean Highlands and the finest motion pictures ever shown. Ladies free tonight if tickets are purchased and paid for before 6 p. m. Tickets at Ray's.

Frederick Myers, a pioneer citizen of Boyd county, died at his home at Ashland Thursday. He is survived by a widow and eight children.

The Portsmouth Blade says work on the new addition of the Irving Drew Co. is moving along rapidly and the foundation is receiving its finishing touches. Work on the superstructure will be begun in a few days and Contractor Dick Dawson will hustle things along.

The Grand Jury of Trigg county returned an indictment against County Attorney John W. Kelley, charging him with converting to his own use about \$4,700 of trust funds in his hands as Master Commissioner previous to January 1st, 1906, the money belonging to the Blakely estate.

The September crop report of the State Agricultural Department, issued Friday by Commissioner Hubert Vreeland, says that, upon the whole, the outlook for a good crop of tobacco is not flattering, as considerable damage has been done on lowlands by too much wet weather, which has caused the leaves to rot off in the field.

Lee Hall, Superintendent of Construction of the Shelbyville Water and Light Company, was painfully injured Friday at Shelbyville while superintending the erection of a pole near the L. and N. Station. The props supporting the pole gave way, and it fell on him, crushing several ribs and breaking his leg. He is also thought to have suffered from serious internal injuries.

"In the session that has just closed the Congress has done more substantial work for good than any Congress has done at any session since I became familiar with public affairs," said President Roosevelt.

MISREPRESENTATION is a fad with peanut politicians, but it will not stand with sensible people conversant with facts. In another place Congressman BENNETT lays bare the falsity of a resolution adopted by the late Democratic Congressional Convention in this city, and the attention of every voter is directed to his manly statement.

THE Republican party is protecting what it has secured for the people, and it is today championing prosperity as it defended the Union when the party was first organized.

Sustain Prosperity.

There is nothing humiliating about such a campaign. It is the most honorable warfare known. General prosperity is the condition of the United States today, and it is undisputed by our opponents. The Republican party has been in complete control of the executive and legislative departments of the Government for nine years, and has written its policies into law and executed them. For nine years we have been growing more prosperous every day, every week and every year. Republican Administration and Prosperity have been contemporaneous and

they may prove to be coextensive. They came together, they have dwelt together and they may depart together.

That is the one great reason why Republicans are this year, as two years ago and six years ago, making a campaign to sustain prosperity. The business of the country, manufactures and agriculture, have doubled in these nine years of Republican Administration. Production and consumption also have doubled since the election of President McKINLEY, and the total amount of money paid in wages last year was twice the amount paid in wages in the year 1895. These are facts, not assumptions, and are capable of demonstration from the latest census figures. These conditions are worth continuing, and the Republican party is standing guard to protect them. THEODORE ROOSEVELT is in command, and his Administration should be supported by a Republican Congress. ROOSEVELT's Administration would be handicapped with a Democratic House and a Republican Senate. The election of a Democratic House this fall would compel the President and the Senate to simply mark time for the next two years. There is too much at stake to take chances.

The American people had an opportunity in 1890, and by the election of a Democratic House sought to discredit the McKinley Tariff Law. Two years later they gave the Administration over to the Democratic party—legislative and executive. The result was the Wilson-Gorman Tariff Law, and the nightmare of industrial and commercial disaster, which continued until the return to Republican policies. There is no pleasure in dwelling upon those conditions under the last Democratic Administration, but there is profit in remembering how they were brought about. It is not wise to take such chances with the prosperity of the country and the welfare of all the people. The Republican party stands by the record it has made.

What is a Backache?

IT IS NATURE'S WARNING TO WOMEN

Diseases of Woman's Organism Cured and Consequent Pain Stopped by Lydia E. Pinkham's Vegetable Compound.

"It seems as though my back would break." Women utter these words over and over again, but continue to drag along and suffer with aches in the small of the back, pain low down in the side, "bearing-down" pains, nervousness and no ambition for any task.

Miss Maude Morris

They do not realize that the back is the main spring of woman's organism, and quickly indicates by aching a diseased condition of the female organs or kidneys, and that the aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound has been for many years the one and only effective remedy in such cases. It speedily cures female and kidney disorders and restores the female organs to a healthy condition.

"I have suffered with female troubles for over two years, suffering intense pain each month, my back ached until it seemed as though it would break, and I felt so weak all over that I did not find strength to attend to my work but had to stay in bed a large part of the first two or three days every month. I would have sleepless nights, bad dreams and severe headaches. All this undermined my health.

"We consulted an old family physician, who advised that I try Lydia E. Pinkham's Vegetable Compound. I began taking it regularly and soon found that I could sleep and eat better than I had done for months. Within two months I became regular and I no longer suffer from backache or pain."—Miss Maude Morris, Sec. Ladies' Aid and Mission Society, 86 E. Hunter St., Atlanta, Ga.

A Live Issue. An Educational Issue. A Progressive Issue. An All-Important Issue.

At the meeting of the Council Monday evening the Board of Education presented an ordinance to the Board of Council requesting that a bond issue of \$60,000 be voted upon at the November election for the purpose of erecting a HIGH SCHOOL BUILDING and a DISTRICT SCHOOL BUILDING. No other steps have ever been taken in the history of Maysville which will do more to aid her in every material way to become a better city. The EDUCATIONAL FACILITIES of a city afford an index to the character of her citizenship. With this new measure carried to a successful issue we will find desirable families by the score locating in Maysville for the purpose of educating their children. They will add very largely to the taxable property of our municipality and in many ways improve Maysville. There should not be, and I trust will not be, a dissenting vote cast on this measure. With brick streets, the enlarged warehouse facilities of the American Tobacco Company, reconstructed and improved street railway, adequate Public School facilities and the many other improvements which are going on in our city a decided change will take place in the real estate market. The time to buy is NOW. The prices will advance in less than six months. If you desire to invest in Maysville property you will receive a hearty welcome at my office and a choice list from which to make your selection.

DEMOCRATIC CONVENTION CORRECTED

Congressman J. B. Bennett States His Position on River Improvements

GREENUP, Ky., September 6th, 1906.
Dear Editor: My attention has just been called to a resolution adopted by the Democratic Congressional Convention, held at Maysville, Kentucky, the first of the month, which is as follows:

"Resolved, That we favor the improvement of the Ohio and Big Sandy rivers, and condemn the present Member of Congress from this District for his manifest indifference to these improvements."

As the campaign progresses I will, no doubt, have an opportunity to show to many of the voters of the Ninth Kentucky District the absolute falsity of the charge of "manifest indifference" contained in this resolution; but knowing that you, through your paper, address a much larger audience of the voters than I can hope to, as well as many outside of the District who are interested in the improvements referred to, and my position thereon, I request the publication of this statement of facts, that the public may judge for themselves whether or not there is any basis for the charge contained in the resolution. My position relative to the improvement of the Ohio and Big Sandy rivers, briefly stated, is this: Agreeing, no doubt, with every citizen of the great Valley, I am earnestly in favor of the proposed improvement of the Ohio river, so as to give us a nine-foot stage of water the year round. I deem such an improvement of inestimable value to the people of the whole country,—almost as important as the building of the Panama Canal. A permanent waterway from the Great Lakes by the way of Pittsburgh, down the Ohio and Mississippi rivers to the Gulf, would be the greatest blessing in many ways that could be conferred on the people. I also

favor the immediate extension of the improvements on the Big Sandy river,—secured to that stream by Congressman Hughes of West Virginia and the two West Virginia Senators,—and while I remain in Congress I shall vote for and support in every honorable way all measures looking to the extension of this improvement. Last summer, when the Committee on Rivers and Harbors made their trip of inspection down the Ohio, I joined them at Huntington, W. Va., and accompanied them to Portsmouth, O., and attended a banquet given to the members of the Committee at that place. I again joined them in Louisville, and attended another banquet given them by the citizens of Louisville, and by every word and act of mine indorsed the work and encouraged the Committee to look favorably upon it. I am acquainted with all the members of that Committee, and have discussed these improvements with them freely and frequently.

In the House, at the last session, I voted for and did everything in my power to assist in the passage of the bill introduced in the House by Hon. John Dalzell of Pittsburgh, Pa., incorporating a company with \$30,000,000 capital, I believe, to build a canal joining Lake Erie with the head of the Ohio river,—a work which when undertaken will push forward the proposed improvement of the Ohio river. I deem this measure one of the most important steps that has ever been taken by Congress toward the proposed improvement of the Ohio river.

The Committee on Resolutions does not furnish us with information as to whether or not they indorse this wise measure, looking toward the improvement of the Ohio. I introduced, in the last session of Congress, a bill to con-

struct a Lock and Dam across the Ohio river between Catlettsburg and Ashland, and have pressed it for consideration, and believe that one of the first Locks provided for in the Ohio river should be at this point, as it would be one beneficial to both the Ohio and Big Sandy river. I introduced in the House, at the last session, a bill providing for an Ice Harbor at Ashland, Ky., and pressed same for consideration. Neither of these bills have been reported upon by the Committee, and in my future service in Congress they shall have my earnest and persistent support. I have served through only one session of Congress, and no River and Harbor Bill was passed through that session. Had a bill of that character been passed, I have no doubt that something would have been done toward these improvements. These facts were known, or could have been easily known, to the Committee on Resolutions of the Convention, and instead of a manifesting indifference on my part to these great improvements, we believe rather manifests an indifference on their part as to the truth or falsity of what they write and say.

New Simplified Spelling Explained by President

Has Not Attempted to Do Anything Radical—New System is Along the Lines of Evolution, As is Proved By the Changes Made in the Past

President Roosevelt has written the following letter:

"Hon. Charles A. Stillings, Public Printer, Washington, D. C.—My Dear Mr. Stillings: I inclose herewith copies of certain circulars of the Simplified Spelling Board which can be obtained free from the Board at No. 1 Madison Avenue, New York City. Please hereafter direct that in all Government publications of the Executive Departments the three hundred words enumerated in Circular No. 5 shall be spelled as therein set forth. If anyone asks the reason for the action, refer him to Circulars 3, 4 and 6 as issued by the Simplified Spelling Board. Most of the criticism of the proposed step is evidently made in entire ignorance of the very moderate and common-sense views as to the purposes to be achieved, which views are so excellently set forth in the circulars to which I have referred.

"There is not the slightest intention to do anything revolutionary or initiate any far-reaching policy. The purpose simply is for the Government, instead of lagging behind popular sentiment, to advance abreast of it and at the same time abreast of the views of the ablest and most practical educators of our time as well as of the most profound scholars—men of the stamp of Prof. Lounsbury and Prof. Skeat. If the slight changes in the spelling of the 300 words proposed, wholly or partially, meet popular approval, then the changes will become permanent without any reference to what public officials or individual private citizens may feel; if they do not ultimately meet with popular approval they will be dropped, and that is all there is about it.

"They represent nothing in the world but a very slight extension of the unconscious movement which has made agricultural implement makers and farmers write 'plow' instead of 'plough,' which has made most Americans write 'honor' without the somewhat absurd, superfluous 'u,' and which is even now making people write 'program' without the 'me,' just as all people who speak English now write 'bat,' 'set,' 'dim,' 'sum' and 'fish,' instead of the Elizabethan 'batte,' 'sette,' 'rimme,' 'summe' and 'fyshe,' which make us write 'public,' 'almanac,' 'era,' 'fantasy' and 'wagon,' instead of the 'publick,' 'almanack,' 'era,' 'phantasy' and 'waggon' of our great-grandfathers. It is not an attack on the language of Shakespeare and Milton, because it is, in some instances, a going back to the forms they used, and in others merely the extension of changes which, as regards other words, have taken place since their time. It is not an attempt to do anything far-reaching or sudden or violent, or, indeed, anything very great at all. It is merely an attempt to cast what slight weight can properly be cast on the side of the popular forces which are endeavoring to make our spelling a little less foolish and fantastic. Sincerely yours,

"THEODORE ROOSEVELT."

STOPS ANY ITCHING.

Doan's Ointment Cures Eczema and Itching Piles. Maysville People Recommend It.

One application of Doan's Ointment stops any itching. Short treatment cures eczema, itching piles, salt rheum—any skin eruption or skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and a cure. Here is Maysville testimony to prove it:

Mrs. Kate Poth, living at the corner of Clark street and Forest avenue, Maysville, Ky., says: "I gave a statement about Doan's Ointment which was published in our Maysville papers. I said that I had received most decided benefit from the use of this remedy, procured at J. Jas. Wood & Son's Drugstore. For a long time I had an itching or eczema of the scalp. It broke out in spots, and sometimes the spots would appear on my forehead and temples. The itching was particularly troublesome just before a rain, and was then so intense that I could not sleep at night. It required only a short use of Doan's Ointment to cure the trouble, and the cure has been lasting for the past five years. There has never been even an indication of a recurrence. A friend of mine also had eczema and tried everything for it but never found anything to remove the annoyance. On my recommendation she used Doan's Ointment, and was absolutely cured."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.
